SPECIAL THANKS MESSAGE
FROM THE AUTHOR

When Vincent and Tia first appeared in the original manga,
I was told by readers to "please draw up more" of these
characters, but since it was difficult to find another place
to incorporate them, I decided to draw them like this this time
around, and it was a lot of fun. Well, Ciel's father is difficult
to get a grip on, and so is little Ciel. Haugie!

Thank you very much for allowing me to draw this for you!
